■ ABOUT OUR FOUNDERS :

Eng. Salah Abdelazeem and Eng. Mohsen Moharam first had a vision for a wood factory that produces high end furnishings and woodworks back in 1984 and from that vision, Hegaz Style was born. Our high end fixed and movable furniture have maintained exceptional standards throughout the past 40 years.

Hegaz Style has successfully completed a great number of residential, commercial, administrative, and hospitality projects all over Egypt and the Gulf area. Hegaz Style runs its operations from Cairo with an abundance of 150 wood workers, experienced engineers, and the latest production technology.

■ A WORD FROM OUR CHAIRMEN

We believe that quality is the most important value for achieving sustainability over the years, therefore, we aim to invest our generational wealth of technical knowledge combined with cutting edge technologies to tackle the most challenging design ideas and maintain our reputation.

■ ABOUT US

Founded in 1985, Hegaz Style has been one of the biggest key contributors to the wooden furnishings industry in Egypt. Completing over 200 projects over the span of +35 years, Hegaz Style has a long history of satisfying a wide range of huge customers in different sectors including hotels, banks, governmental institutes, and retail stores. Our team works together to craft high-end furniture and furnishings by using top-quality natural wood, paint, and accessories imported from top suppliers all over the globe to deliver the finest and most sustainable products to our customers.

■ OUR VISION AND MISSION

Using top quality natural wood, paint, and accessories imported from our trusted suppliers all over the globe, we ensure delivery of the finest and most sustainable products in the market for high caliber customers involved in the hospitality sector.

Our experience combined with awareness over the newest technology allows us to maximize production efficiency as well as solve intricate production challenges on any product.

■ OUR PROJECTS - HOTELS

Hospitality projects are challenging both in time management and quality, however, thanks to our experienced team of workers and our high tech machinery, we are able to operate with maximum efficacy to successfully deliver exceptional work of the finest quality to the biggest names in the hospitality sector.

■ NILE CRUISE SHIPS

it is well known that boat furnishing is very precise and unique in manufacturing, as it has to be strong enough to stand the test of time, but light enough to bear the constant movements of a ship without wood cracking. Hegaz Style is distinguished in ship furniture and wood specifics to this type of operation.

■ GOVERNMENTAL BUILDINGS & OFFICES

Governmental buildings are some of the busiest work places anywhere in the world.

They employ millions of people and on daily basis.

The role of HS wood industries is very important in such type of building because it manufacture the right kind of furniture that is not only more comfortable for employees to sit on for extended periods while they are working, but it can also actually help to increase productivity, yet it has to be sturdy, heavy and well designed.

And that's what HS wood industries do by helping you make the right choice with critical eye to ensure every piece works together. So that's why we became the first choice for the below 10 governmental buildings that we proudly worked with.

■ BANKS

When it comes to banks, furnishing needs to be sturdy, comfortable, and elegant.

Hegaz style follows a similar process to designing bank furniture as they do with governmental buildings as banks also have employees that need a certain level of comfort, however, we add a touch of elegance that is not aimed at the employees, but for the clients of the bank
